TIMM-11 is the eleventh in the series of TIMM mycological international meetings organized by the European Confederation of Medical Mycology (ECMM). TIMM has become an important meeting in the field of fungal infections a forum in which clinicians from all over the world exchange research results and opinions on medical practice.

The scientific program covers a wide range of interests, both on the academic and on the practical level. It will also include plenary sessions on fungal infections in both immunocompromised and immunocompetent hosts led by an internationally renowned faculty giving plenary talks, round table sessions and meet-the-expert meetings.

The meeting is designed for infectious disease specialists, haematologists, oncologists, transplant physicians, microbiologists, immunologists, dermatologists, intensivists and others with interest in medical mycology.

It must be understood that this letter does not represent a commitment on the part of the meeting organisers to provide any financial assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Sander Zikkenheimer', with a long horizontal flourish extending to the right.
