TIMM 2023, Athens: CRESEMBAr® symposium
Saturday 21 October, 2023 (12:30–14:15; 105 mins)

**Audience:**
- ID specialist, microbiologists, mycologists
- Other specialties e.g., haem and ICU will be individuals with a special interest in mycology

**Symposium aims:**
- Highlight the lessons learned during the COVID-19 pandemic with regards to IMD diagnosis and management approaches
  - *Note: This will be a consistent theme throughout each presentation conclusion and roundtable discussion*
- Explore how imaging can assist the IMD differential diagnosis
- Understand the importance of differential diagnosis in the appropriate treatment of IMD
- Recognise the value of the diagnostic-driven approach in the context of AFS

AFS, antifungal stewardship; ICU, intensive care unit; ID, infectious disease; IMD, invasive mould disease.
Pfizer-sponsored symposium at TIMM

**Invasive mould disease in a post-pandemic world: What did we learn?**

Saturday 21 October 2023, 12:30–14:15 **EEST at Megaron Athens International Conference Centre, Greece**

**Aims:**
- Highlight the lessons learned during the COVID-19 pandemic with regards to IMD diagnosis and management approaches
- Explore how imaging can assist the IMD differential diagnosis
- Understand the importance of differential diagnosis in the appropriate treatment of IMD
- Recognise the value of the diagnostic-driven approach in the context of AFS

**Proposed agenda:**
